

HEAD TEACHER'S

AWARD

January 2019

Inspiring Optimistic Learners

Rosie Robinson-Jones

Year 9

Rosie was nominated for the January Head Teacher's Award by several members of staff as a result of her outstanding approach to life at Torpoint Community College. Rosie has consistently demonstrated that she is the model student on so many levels; it is highly evident that Rosie has developed into a fantastic role model for her peers; thanks largely to her kind nature and sunny outgoing disposition.

Rosie is a fantastic sports student. "She is an energiser who lifts everyone around her and always gives 100% effort and enthusiasm to every lesson, task and match." She has represented the College in Netball, Badminton and Athletics teams playing in the SE Cornwall netball league, Life Centre Badminton Under 14s tournament and the SE Cornwall Super 8s. She is the Year 9 netball captain of a currently unbeaten team this

season. She happily gives up time to help with younger teams. Rosie trains and plays for Torpoint Netball Club where she operates effectively in the age group above her own. Rosie is frequently nominated as the player of the match for her team. Rosie is a fantastic role model who is highly competitive and committed but always kind and caring to those around her. This kind and caring nature is at the core of everything that Rosie does both in and outside College. Her regular commitment to the "Book Buddies" intervention scheme in the library has proved invaluable both to the students Rosie supports and to Mrs Hodgetts, our librarian, whom Rosie connects with on a daily basis.

Congratulations Rosie; you are a very worthy winner and I anticipate that what we have had the pleasure of witnessing is just the tip of your particular iceberg.
