

03 June 2019

Dear Parent/Carer,

Re: Arrangements for repairing and painting a boat and a trip to Torpoint Allotments on Tuesday 16th July 2019 in Activities week.

Your child has chosen to take part in restoring a boat with an added trip to the Torpoint Allotments as one of their activities during this year's Activities Week this will take place on Tuesday 16th July.

The plan is for students to **register in room 43 at 9.10am**. After our initial safety talk we will go out to the Gardens for Life where we will attempt to restore an old wooden boat by sanding and painting it. After lunch we will walk down to the Torpoint Allotments located in Albion Road Torpoint to do planting of seeds and or plants.

As with activities week students do not need to wear school uniform but should be dressed appropriately for painting and gardening, they should bring with them:

- **A hat and sunscreen**
- **A waterproof coat**
- **A drink**
- **Appropriate clothing or overalls**

If you have any questions or would like more information regarding the day's activities do not hesitate to contact me.

Yours sincerely,

Mr N Cameron
Head of Science and Activity Lead
