About Next Steps South West

[Next Steps South West](#) (NSSW) is a partnership of 14 local universities and colleges throughout Cornwall, Devon, and Somerset, funded by the Office for Students (OfS). They help young people navigate their way to higher education, including apprenticeships.

Working together, we hold events and activities designed to inspire students aged 13-19 years old to fulfil their potential. We believe every student should have fair access to impartial information on study routes and career paths, in order to make an informed decision about their future.
