OPTIMISTIC LEARNERS”

## NEWSLETTER

ISSUE 94 13<sup>TH</sup> MAY 2020

### ACADEMIC YEAR 2019/2020 HALF TERM 25th May - 29th May

#### UPCOMING EVENTS

**749 fundraiser event**  
-7th to the 14th May

This newsletter contains a mix of items produced but not published before the college closure and current articles during lockdown.

#### HEADTEACHER'S MESSAGE

I hope you are all well.

The coronavirus outbreak changed many of the original plans for commemorating the 75th anniversary of VE Day. However, I was delighted to hear that many of our students commemorated this occasion within their own homes and with their families. A series of events still went ahead to mark the end of fighting against Nazi Germany in Europe during World War Two. Socially-distanced wreath-laying, a two-minute silence, a re-broadcast of Winston Churchill's speech and an address from the Queen were among the national events that took place. The government encouraged us to watch the events on the BBC and to hold 1940s-style afternoon tea parties within their households. I do hope you had the opportunity to reflect on this very significant event and I hope students enjoyed working through the #TCCDAY75 family pack.

Mulling over the frenetic pace of change during these last 7 weeks, it is safe to say that it feels like time has in some way been distorted. Time certainly plays tricks on us all, particularly during periods of compressed emotion. It is also clear that the situation we currently find ourselves in is not a sprint. As the government continue to provide updates on the situation, it remains difficult to get any sense of how long this is likely to last and what the 'new normal' will really look like. What is really important is that we all continue to look after each other and provide support, love and encouragement for all those around us.

The second edition of "From TCC with love" has been published. Thank you to Mrs Blandin-Neaves for leading with this, and with the ongoing '749 fundraising challenges' that are taking place between 7<sup>th</sup> to 14<sup>th</sup> May which we encourage students, their families and staff to get involved in. A Just Giving page has been set up for donations to be collected for the NHS and CHAT (Community Health Around Torpoint).

The past weeks have been very different for all of us. Students, parents and staff have had to get used to different ways of working. We have been reflecting on the remote learning provision the College has put

in place for our students and we are continually striving to improve this offer based on feedback received directly from students or parents to their teachers, and through student surveys. We understand the challenges with this type of learning and the importance of striking the right balance in managing school work and taking the time to do other things. Mrs Lockett has sent out some excellent advice and guidance on how students can effectively manage their learning which I would encourage you to read if you haven't already done so. Should there be any concerns please do not hesitate to contact the College. I know that my staff have been particularly impressed by the excellent work being produced and the commitment shown by all at this uncertain time.

At the time of writing this newsletter the Department for Education has just announced that "from 1 June we expect to be able to ask primary schools to welcome back children in nursery, Reception, year 1 and year 6. We will also ask secondary schools, sixth form and further education colleges to offer some face-to-face support before the summer holidays to supplement the remote education of year 10 and year 12 students who are due to take key exams next year". As a College we have been predicting that schools will be asked to partially reopen in a phased and staggered manner. This is going to be a challenge for students, parents and staff and we await further guidance from the government over the next few days. I appreciate there will be mixed views amongst our community, as there are nationally, about children returning to school during this period of uncertainty. However, what I do want to share with you is that the health, safety and wellbeing of all members of the College community is of paramount importance and will be pivotal to any plans put in place for the College's reopening.

In the event Carbeile Junior School opens on 1<sup>st</sup> June, the College's skeleton school for vulnerable children and children of key workers will relocate back to our Sixth Form. Further details on this will be published once we receive confirmation of what's happening at Carbeile Junior School.

We all share the upset and disappointment caused by the unprecedented decision not to hold public examinations this summer (and of course the summer balls!). However, I and all of my colleagues continue to be very proud of the achievements and significant contribution that all students in years 11 and 13 have made to the College throughout their time with us here at Torpoint Community College.

Ofqual has confirmed that 'A' Level, CAMTEC Sport and EPQ results will be released to students on Thursday 13<sup>th</sup> August, and GCSE and BTEC results on Thursday 20<sup>th</sup> August as originally planned. Our intention, at this stage, is to hold Results Days as normal to allow students an opportunity to celebrate. More detailed arrangements will be provided nearer the time and assuming that it is safe to do so by then. Can I please reiterate that Ofqual require us to keep the predicted exam grades and students' rank order confidential, and forbids us from sharing this information with you, so unfortunately students will have to wait until their respective Results Day to find out their exam grades.

You will be aware we have had to cancel the trip to Barcelona that was planned for July due to the coronavirus pandemic. Work is ongoing with PGL in respect of the residential trip to Beam House that has also been planned for July. I am expecting an update on this very shortly but this too is very likely to be cancelled. Please do not make any further payments in respect of this trip. Unfortunately a number of other enrichment activities planned for this term have also had to be cancelled together with work experience for our Year 10 students.

Thank you for your continued support throughout this particularly difficult period. Please rest assured I will keep you up to date with any plans for a partial reopening of the College, in June or July, as we know more. Take care and stay safe.

**Jeremy Plumb, Headteacher**

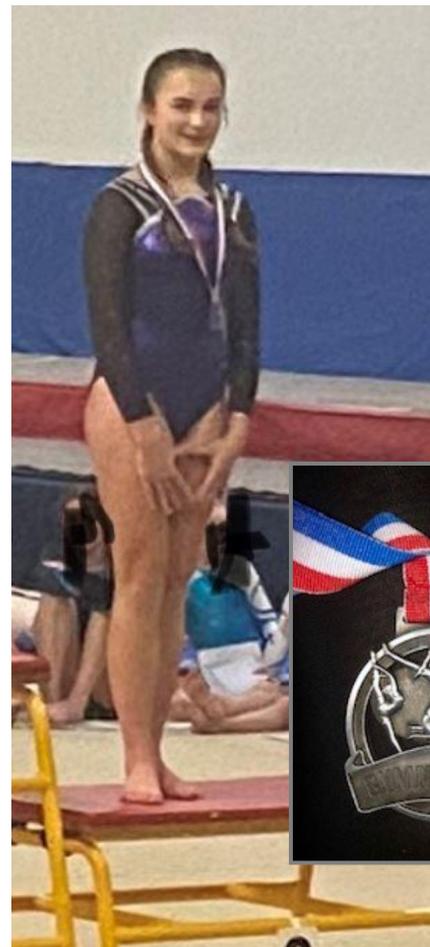

## WELL DONE JAMES!

Well done to James Folley who was nominated by a member of our community for his Live Facebook DJ slot, every Thursday night at 8 o'clock in honour of the NHS. We are told that this has been thoroughly enjoyed by the Torpoint Community. Thank you James for uplifting the spirits of Torpoint, and honouring the NHS workers.

## GYMNASTICS NEWS

Year 10 student Emily recently took part in the "2020 Devon Gymnastics Individual Championships Level 6" in Newton Abbot. She competed in four gymnastic events; Bars, Vault, Beam and Floor coming second overall for her over 15 age group. Well done Emily!

## 749 Fundraiser

### What's so important about the number 749?

To us it is the most important number in the world because it represents every single member of our Torpoint Community College family: 644 students + 105 staff who should all be in school together. Even though we have to keep our distance for the time being, we can still work together to raise some money for some wonderful organisations that are working hard to keep us all safe and well.

**We want you to complete an activity inspired by the number 749. You could pick something from the list below or come up with your own idea:**

-  749 keepie uppies with a toilet roll
-  stay silent for 749 minutes.
-  Walk or run 749 steps around your garden.
-  Complete 749 star jumps
-  Climb the stairs 749 times

**You must check with your parents that what you are planning to do is safe**

1. use this page to tell us what you plan to do by **Thursday 7th May at 8pm.**
2. We will share a Just Giving page, publicise your challenges and ask people to sponsor you.
3. Please ask your parents to donate £1 on the Just Giving page if they can afford to
4. You have from the **7th—14th May** to complete your challenge and send photographic evidence to [749challenge@torpoint.cornwall.sch.uk](mailto:749challenge@torpoint.cornwall.sch.uk) if possible.

**All money raised will be donated to the NHS and our local charity CHAT**

OPTIMISTIC LEARNERS”

### OUR NEW MUSIC TEACHER

Hello everyone!

My name is Alison Hamilton and I was delighted to be appointed in April as the new Curriculum Leader of learning for music at Torpoint Community College where I have found a wonderful sense of warmth and friendship amongst the team of staff and the student community. I am really looking forward to meeting everyone when school reopens after lockdown as it has been a little unusual to start the role in only a virtual capacity so far.

In my role I wish to convey my passion for teaching my favourite subject of music which I can honestly say 'lights me up' as an essential part of my daily life. Furthermore, I absolutely love engaging all school students and staff in music and sharing with them the pure joy that it can bring as a universal language that has the power to open hearts and minds and ignite the soul. I have many firsthand examples of how I have achieved this successfully in a variety of schools both at junior school level and within the senior school as Director of music in the UK and Internationally. I enjoy offering a wide variety of activities in music to provide something for everyone to engage in such as choirs, orchestra, jazz band, wind ensemble, brass group, rock group, Samba, African drumming, Stomp and many more as well as being open to ideas to create something new.

My taste in music is very eclectic and there is seldom anything that I won't listen to so I have many long playlists which include a huge range of music. As a musician I enjoy singing, playing the piano, the French horn and a few other instruments as well as having fun with various styles of music including world, jazz, classical, pop, rock, blues, reggae, film and dance music. I also have an ongoing interest in music as a form of therapy and as an important aspect of our mental health and wellbeing as individual people and as part of a community. There are many examples of how music has been a vital source of support to us all during the Covid 19 lockdown and will continue to be so even afterwards I am sure. Essentially, I am a firm believer in the ability of everyone to enjoy music in some way or another and I aim to integrate that belief into my planning and delivery of teaching to make it accessible to all.

My other interests and hobbies include: environmental science, sustainable development, indigenous cultures, religious studies, walking on Dartmoor plus countryside and coastal footpaths around the UK, visiting sites of national heritage, getting involved in conservation studies and outside volunteer projects, gardening – growing my own vegetables, wholefood and healthy lifestyle cooking and spending quality time with my family and my little Jackie-Bichon terrier dog called 'Tizzy!'

I am certainly looking forward to meeting and working with you all very soon. In the meantime take care and stay safe.

With kind regards,

Alison Hamilton

Curriculum Leader of learning for Music Torpoint Community College.

### MUSIC LESSONS AVAILABLE IN LOCKDOWN

Good news! Despite lockdown the IMS Music Service is still offering music lessons online on drums, guitar, piano and woodwind. If any students would like to start these lessons please ask your parent/carer to complete the form found on the college website. Please return completed forms to Ms Hamilton at [Hamilton.A@torpoint.cornwall.sch.uk](mailto:Hamilton.A@torpoint.cornwall.sch.uk) or via Show my homework.

You can also use this form to sign up now to book your instrumental lessons for when we return to college in the near future.

# Moments of Happiness

If you're finding things hard emotionally right now, you're not alone. Staying at home more than you do usually might feel difficult or stressful. However there are lots of things you can do to help your wellbeing.

Try completing some of our weekly wellbeing activities to boost your day or that of others.

Remember, a balance between work and play is needed!

We would love to see the pictures of the challenges you have been doing. Email these to your tutor!

<p><b>DO SOME BAKING</b></p>	<p><b>MAKE AND SEND SOME POSTCARDS</b></p>	<p><b>SHARE A HAPPY MEMORIES WITH FRIENDS</b></p>	<p><b>DO A SKETCH</b></p>	<p><b>EXERCISE DAILY</b></p>
<p><b>READ TO ESCAPE</b></p>	<p><b>SING</b></p>	<p><b>A-Z</b></p> <p>PLAY THE A-Z GAME. HOSE A CATEGORY AND NAME ITEMS IN THAT CATEGORY FOR EACH LETTER E.G. CITIES, FOOD, NAMES.</p>	<p><b>PLAY CARDS</b></p>	<p><b>FIND SOME INSPIRING QUOTES AND PUT THEM UP AROUND YOUR HOME</b></p>

## TOPIC OF THE FORTNIGHT

# ★ HAPPINESS ★

**Happiness**- the state of being happy.

**Happy**- feeling/showing pleasure or contentment.

**“Happiness is a state, not a trait; in other words. In other words, it isn't a long-lasting, permanent feature or personality trait, but more a fleeting, changeable state”.**

**“Happiness comes when you feel satisfied and fulfilled”.**

What can happiness look like during 'lockdown'?

- Enjoying what you have and not focusing on what you don't have.
- Completing a little act of kindness for someone.
- Contacting family or friends or members of the community who might feel lonely.
- Adjusting your routines to include activities that make you and others around you happier.

## NETBALL NEWS

### YEAR 10 NETBALL

Congratulations to the Year 10 netball team who have finished their SE Cornwall league this season unbeaten. They have been really dedicated, training very hard each week since September, and have been an absolute pleasure to work with. They have learnt a lot about themselves and each other this year and have really pulled together to become an unstoppable team.

Well done girls! **Miss Milford**

### TORPOINT NETBALL CLUB UNDER 16'S

Torpoint Netball Club entered their Under 16 team in to the East Cornwall schools league this year. Coach Michelle Maunder has taken the team to Callington for the central venue fixtures where they have played Launceston, Looe, Liskeard, Tavistock and Bude. They remain unbeaten with one fixture remaining. We know Michelle is proud of them. Well done Michelle and girls!

### YEAR 8 AND 9 NETBALL TEAMS

Fantastic news for our Year 8 and 9 netball teams for finishing the season top of the SE Cornwall league with both teams unbeaten since the start of Year 7. Both teams have remained really committed and competitive throughout and have come through some storming stages this year with maturity. Really proud of all you girls!

## BADMINTON NEWS

Badminton has been really popular in lessons and Badminton Club. We are very proud of our College badminton teams who represented East Cornwall at the County schools finals at Truro School a few weeks ago. Our teams had to play 2 singles matches and 3 doubles matches against each qualifying school. They faced very tough opposition against the best of the rest of Cornwall and were really tested mentally and physically. The Year 7 boys team and the Year 9 girls team both drew really tough pools against Truro School, Roseland and Penair but fought hard and improved with every round, playing against several County representative players. A great experience which saw them grow in confidence as they won more points and improved their game play throughout the day. The Year 10 girls had to play all 4 schools in their pool playing exceptionally well to beat the teams from Mounts Bay, Penair and Liskeard playing against several County representative players. The final round saw the girls take some well earned points in each game but lose to an exceptionally strong Truro School finishing as County runners up. A brilliant performance and result. All TCC players competed hard and showed excellent team spirit and humour. A real pleasure to spend the day with them! Miss Milford and Mr Evans

### TCC FAMILY- 'WE'LL BE THERE FOR YOU'.

We hope that you enjoyed the film of your teachers and support staff sending you this message in these strange and unsettling times. Thanks to Miss Jump who edited the clips and put the whole thing together so professionally and to all staff who sent in pictures and videos.

If you missed the video, you can find it on Show My Homework.

### SEWING BEE IN LOCKDOWN

During this lockdown, one of the best things for me has been to receive pictures from students who have been busy creating some amazing sewing projects whilst they are at home. Here are some from Mollie (bag and scrunchies) and Isabella (apron and mask), both in Year 10 GCSE Textiles. Keep sewing, it is great practice for you. If you do not have a machine at home then you could always watch 'The Great British Sewing Bee' on a Wednesday evening at 9pm instead. **Miss Bell**

## TEN TORS TRAINING 14<sup>TH</sup> AND 15<sup>TH</sup> MARCH

Well done to students who attended the Ten Tors training. It started on Saturday with a kit check at the Family Centre and then a keen group of nine completed a wild camp on Dartmoor with Mrs Porter. It was certainly 'wild' with thick mist, strong winds followed by heavy rain. The students were great and, with little sleep, joined the remaining students to take part in the expedition on Sunday. Although there were a few mistakes, and the weather was not favourable, the teams completed all or part of the routes. A big thank you to all involved.

Unfortunately, all Ten Tors training has now had to be postponed until further notice due to the COVID-19 outbreak.

Following the cancellation of this year's Ten Tors event Mrs Porter sent a letter to all those that would have been taking part. Here is part of this letter:

**'On behalf of all our Volunteers and myself, we wanted to say how proud we are of what you had achieved this year, in how your training was going, in how you were showing us the new skills you had learnt along the way and how you were developing the mental strength to overcome all obstacles.**

**We were never in any doubt that you wouldn't be ready for the main event, and made the College, your parents and all of us helpers very proud. You trained really hard in some awful conditions throughout the year, and who knows we may have had lovely weather this weekend whatever, you would have smashed it!**

**Yes, it was right for the Army to cancel this year's event, and they really do know how much Ten Tors means to you and the extraordinary commitment you have given to it.**

**I am delighted therefore to tell you that the Army have scrutinised our training record over the year and have issued for you a Ten Tors training certificate recognising the efforts you have made. Well done, and as soon as all of this unpleasantness is over - let's have a get together to celebrate what you have achieved.'**

***On behalf of the college we would like to add a huge thank you to Mrs June Porter and all of the Ten Tors volunteers and helpers that enable our students to take part in this event. We are very proud of our students who trained so hard this year.***

## YEAR 12 BIOLOGY

Biology students prepared their own root tip squash slide to view the process of mitosis in the cells. Mitosis is the type of cell division required for growth and repair. The students were able to see the chromosomes in the nucleus and identified the stages of the cell cycle and mitosis.

Well-done Year 12!

## GOOD GROWING NICOLE!

Nicole Maunder has been in touch with Ms Carr. She wrote a lovely message about how much she is missing sixth form, in particular Biology. She has been really busy growing plants and she sent a picture. Her interest in gardening only started a few months ago around the time Ms Carr started one of the plant topics. Nicole has become really enthusiastic about it.

Good work Nicole!

## YEAR 9 SCIENCE

Mrs Bray's Year 9 Science students have carried out flame tests to investigate the different colours' given off by the metals in different metal salt compounds. The Year 9's have worked really hard on their end of Key Stage 3 Assessment and have now started GCSE Science topics remotely.

## Well done Louis!

Louis Sanderson in year 13 has produced his own revision guide for Biology.

His guide is arranged in a professional style, and in detail with over 200 pages, it is a brilliant piece of work.

Louis has even written a dedication and scattered throughout are anecdotes and images/quotes from famous/influential people.

**He has also been really proactive and has volunteered to work in admin at Derriford hospital. Well done Louis!**

## CAREERS EVENT

Year 7 students took part in a careers event at the College a few weeks ago. The students listened to a presentation by the College's Careers Leader, Mrs Bray, and our Enterprise Coordinator from the Careers and Enterprise Company, David Sellars, about the range of job sectors and opportunities available in Cornwall. They also had short employer talks representing 4 different job sectors from the following guest speakers: Tom Carne, Assistant Project Surveyor Willmott Dixon (Construction), Louise Kiero-Watson, Graduate Mechanical Engineer Babcock International Group (Engineering), Richard Tremain, Royal Navy (Services) and Jos Montgomery Peters, Financial Services (Finance Sector). Thank-you to the College's excellent Enterprise Adviser, Julie Putman from CIOB, for her help in organising this event as well as the visiting speakers who spoke to the students. Well-done to the students who all listened well and asked interesting questions. Remember you can use the Career Pilot website to help research your future options and careers to help you make informed decisions. (<https://careerpilot.org.uk>).

## TCC Curriculum Model

Please take a look at our most recent curriculum model on the College website which we are proud to share with you.

All of the teachers and curriculum leaders have been working hard over the last few months to review our existing provision and ensure that all students at Torpoint Community College receive the highest standard of education. Our College vision has been at the forefront of our thinking when developing curriculum models; we believe that all of our students need to know important things about the world that will empower them to succeed within and beyond the College.

When our students tell us “I can't do...” or “I'm not clever enough to do...”, we simply respond with the word “yet”. Our vision is 'Inspiring Optimistic Learners' and a key aspect of this is ensuring that every student knows that we believe in their capacity to succeed.

All subject areas have thought carefully about what we want our students to learn and how to best sequence that learning over time. This is an on-going area of work and we will refine and evolve the model over the coming year.

We have created a document to showcase some aspects of our curriculums and tell the narrative across the College. Please use the following link to access it:- <http://www.torpoint.cornwall.sch.uk/our-curriculum/PE>

## REMOTE LEARNING

Several weeks have now passed since many of our students last came to College and they have been adjusting to the unique challenges of remote learning instead. We are hugely proud of all of the effort our students have put into their work and have been working hard as a staff team to try and do our best to support our students remotely.

Last week we asked all students in years 7-10 to complete a brief survey and provide us with some feedback about their experiences. Thank you very much to all students who responded- the information provided really helps us to understand what is working well and what we can change to make things better. We were delighted to learn that the vast majority of students who responded are finding the work manageable and are completing it each day. Some students told us about their difficulties and we are ensuring that we make contact with everyone who may need a little advice or support.

The most important message we want our students to hear is that we do not want them to experience any stress or anxiety about their home learning and there is no need to feel anxious or concerned about completing all work on their SMHW calendar.

Our advice to all students is to:

- Work from 9-3 each day, including a 20 minute break in the morning and a one hour break for lunch.
- Log in to Show My Homework every weekday morning, check what has been set on their homework calendar for that day and try their best to do that work.
- Set a maximum time limit of **45 minutes per piece of work set** and stop working once they get to the time limit – even if they have not finished. This allows them time to submit the work they have managed to do to their teachers if required. It also allows them a brief break before opening the next piece of work.

If students are struggling with this, please email their house leader or tutor so that we can offer advice on how to reduce the workload. Teachers at the College have also had to adapt to setting remote learning and adjust how much work we set.

Our general rule is that we aim to set an amount of work that we would expect to take 30 minutes to complete if in school; this is because we think that a lot of children will take twice as long to complete work independently. However, we know that some students are able to complete work quite quickly. If your son/daughter needs more work to keep them occupied, please email their HLoL who will forward your request to their class teachers.

Our general advice is:

- If students in years 7 and 8 are finding home learning challenging, please ask them to focus on only completing English, maths and science work each week. If they find this manageable they could also select one other subject that they particularly enjoy and complete that work too.
- Students in year 9 do not need to complete any work for subjects that they have not chosen for their options in year 10.
- Students in year 10 should try to keep up to date with all of their GCSE subjects, but not at the expense of their wellbeing.

It is important for students to remember that they might not complete every piece of work set. They should spend 45 minutes on a piece of work and then send whatever they have managed to do to their teacher. They can then tick that work as 'completed' on SMHW and the teachers can make decisions about what to set next based on the inferences we can draw from seeing students' work.

You do not need to worry that by doing this your child will fall behind their peers: at the College we fully understand how challenging independent learning is and when we do return to College we will work out what children have learned and what their knowledge gaps are so that we can ensure content is re-taught as required.

Mrs Lockett is coordinating the remote learning so if you have any specific feedback about what is helping your child to learn or problems you have encountered please email her at [lockett.c@torpoint.cornwall.sch.uk](mailto:lockett.c@torpoint.cornwall.sch.uk).

### Fashion Show 2020 Update and News....

This was all set to be one of our biggest and best Fashion Shows ever! We had been planning for this since September and many fantastic pieces of textiles have been made by year groups from Y7-13. Dance and fitness instructor Susie (Mackenzie) has devised some fabulous routines and these were being rehearsed weekly since February. Our dance group which this year total 22, are a hardworking and committed troop of students with real talent and are a mix of dancers and non -dancers that meet weekly for Susie's rehearsals. Unfortunately due to the lockdown and college closure we have had to postpone the fashion show booked for July 2020.

I just wanted to take this opportunity to reassure you that the show will go on! It has been tentatively put it back until November but this will obviously be reviewed as advice regarding events and social distancing are released.

In the meantime I know that the girls have been practising their dances during lockdown and Susie is working on the routines still to be set. Mrs Bell (senior) has been in lockdown but keeping very busy sewing costumes for our dancers which are already looking fantastic and she has been sending me pictures of her progress as you can see! We look forward to showing our talented students work as soon as we can in our TCC Fashion Show which will feature the usual mix of fashion, dance and music! In the meantime keep safe and well and .....Keep Dancing!!

Miss Bell

### Charity Head Shave – Fundraising Footballers for our NHS!

We are delighted to hear that some of our year 7 students who play for Torpoint Athletic under 12's have taken part in a sponsored head shave to raise money for NHS charities – raising £1375.

This is a fantastic achievement and a huge well done to all of them!

### GCSE and A Level Results Days

The Department for Education has now confirmed A Level results will be issued to students on Thursday 13th August. These will be available to our students in the Sixth Form Common Room from 10.00am until 1.30pm.

It has also confirmed GCSE results will be issued to students on Thursday 20th August. Again, these will be available to students in the Sixth Form Common Room from 10.00am until 1.30pm.

In both cases we are only allowed to give results to students in person. If you would like someone else to collect your results for you, they will need to bring written permission from you with them. Unfortunately we are not able to give results out by phone or email.

On both results days Mr Golding will be available all day to give advice on next steps following results.

We look forward to seeing you in August and celebrating your success.

### Community Good News:

Whilst in lockdown, Year 11 student Matthew Ashdown has been busy with his studies, painting fence panels and practicing his music. During this time Matthew was asked by a friend if he would play happy birthday to an elderly neighbour. She was 87 and was overjoyed when she saw Matthew come up the garden with his saxophone! Everyone was social distancing in the neighbourhood and it really made the occasion special for everybody. Well done Matthew!

From TCC with Love ....

This is a fortnightly update from the HLOL team at TCC 'From TCC With Love' is here to touch base with TCC Students and the community.

We sincerely hope you are all well and please do get in touch if there is anything we can do to help. You can find the first two 'From TCC With Love' updates on the TCC website and Facebook page.

### SUPPORT FOR YOU- Where can you get support?

Remember, we are here for you.

If you need help, email your house leader directly, or use [hlo@torpoint.cornwall.sch.uk](mailto:hlo@torpoint.cornwall.sch.uk).

Alternatively, you can email Mrs Lear at [lear.b@torpoint.cornwall.sch.uk](mailto:lear.b@torpoint.cornwall.sch.uk).

You can also reach us through [worries@torpoint.cornwall.sch.uk](mailto:worries@torpoint.cornwall.sch.uk) or [enquiries@torpoint.cornwall.sch.uk](mailto:enquiries@torpoint.cornwall.sch.uk).

We all at TCC sincerely hope you are keeping well during this period and do let us know if there is anything we can do to help you.
