

ARTICULACY SUMMER SCHOOL 2020

We would like to make you aware of an event coming up at the end of July. From Monday July 13th - 16th (9:30 – 12:30 daily) we are working with Articulacy to offer an online summer school for any Year 9 that wants to increase their confidence when communicating online.

We know that a number of young people are already nervous about reading out loud, communicating with strangers and participating verbally in class. Now they also need to present themselves in an online classroom and we understand that we need to assist them with these skills.

We have taken the fun packed and rewarding Articulacy Future Me experience and integrated online activities that will enable your young people to develop communication skills. Over three morning sessions, an Articulacy teacher will help them to present themselves in a positive way, in a video that will be presented to parents and peers on the Thursday.

There is a certificate for completion and an opportunity to meet students from across the project. There are limited places available, and if you are interested please email nextstepssw@plymouth.ac.uk for an online application link.
