

January 2021

Dear Parent/Carer,

Welcome to Torpoint Community College!

I am delighted to hear that your son or daughter is looking to join our school in September 2021 and that they are wanting to complete their secondary school journey with us! Your child will join a happy and supportive school and we are looking forward to celebrating their many successes during their time with Torpoint Community College.

At Torpoint, our vision is simple yet aspirational and we aim to 'Inspire Optimistic Learners'. Our dedicated team of staff are committed to ensuring all students fulfil their potential and strive towards the academic or vocational career of their choice.

The transition to secondary school can be both an exciting and worrying time for students and parents and we want to do everything we can to make this a happy and smooth process.

We are going to start our Transition process as early as possible by creating and sharing videos, providing information about our school and answering any questions you may have.

Normally around this time of year we would be looking to hold our first set of Transition activities for children with special educational needs or children who are worried about the journey to secondary school. Unfortunately, due to our current closure with the Coronavirus pandemic, we are having to run the Transition process in a slightly different way.

With that being said, we still aim to offer the very best experience possible for all of our new students and I will be contacting you again in due course to share information about Transition at Torpoint.

Yours faithfully,

Miss C Lindup
KS2 Transition Lead
Head of Year 7
