

REVIEW REQUIRED

This assessment is due for review by 11/10/2021.

General Details

Assessor	Ian Smart
Assessment Date	27/09/2021
Assigned Reviewer	Ian Smart
Next Review Date	11/10/2021
Operation Assessed	COVID-19

Associated with specific area

- Education
- Maintained Schools
- Torpoint Community College

Description of work area and/or activity assessed

This assessment is based on the College's previous COVID-19 risk assessment and updated using the Schools COVID-19 operational guidance dated 19 July 2021.

Overall Current Risk

Medium

Persons Affected

- Children / Students
- Contractors
- Employees
- Maintenance Staff
- Members of the Public
- Office Staff
- Pregnant Women
- Visitors
- Volunteers

Current Rating	Hazard Information	Task Status
Low 	Welfare  Lack of up-to-date information for Staff Measures Currently in place to prevent risk of injury Staff updates regularly provided (via e-mail, letter or staff briefings).	  

Potential Rating	Additional Controls Required
Low 	No Remedial Actions Entered If there are any reasonably practicable actions which can be taken to reduce the risk associated with this hazard please use the form above to enter them.

Current Rating	Hazard Information	Task Status
Low 	Welfare  Lack of up-to-date information for students and parents/guardians Measures Currently in place to prevent risk of injury Regular updates given to parents and students by letter, SIMS Parent App, Show My Homework, the College website and Facebook.	  

Potential Rating	Additional Controls Required
Low 	No Remedial Actions Entered If there are any reasonably practicable actions which can be taken to reduce the risk associated with this hazard please use the form above to enter them.

Current Rating	Hazard Information	Task Status
Medium 	Safeguarding  Failure to maintain supervision levels if staffing levels drop. Measures Currently in place to prevent risk of injury Staff levels checked each day by CLT. Contingency plan in place if staff ratios drop below set levels. The College has a remote learning plan (model) that can be implemented if necessary.	  

Potential Rating	Additional Controls Required
Medium 	No Remedial Actions Entered If there are any reasonably practicable actions which can be taken to reduce the risk associated with this hazard please use the form above to enter them.

Current Rating	Hazard Information	Task Status
Medium 	<p>Welfare Individuals vulnerable to serious infection coming into College</p> <p>Measures Currently in place to prevent risk of injury</p> <p>Clinically extremely vulnerable (CEV) individuals, as a minimum, to follow the same guidance as everyone else but to think particularly carefully about additional precautions they can continue to take. Further information can be found in the guidance on protecting people who are CEV from COVID-19 (https://www.gov.uk/government/publications/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19/19-july-guidance-on-protecting-people-who-are-clinically-extremely-vulnerable-from-covid-19).</p> <p>Line Managers to discuss with CEV individuals any concerns they may have, ensure they are conversant with the control measures in place and to explain how the College is managing the risks from COVID-19. It will also ensure everyone works safely.</p> <p>Parents to notify the College if their child is under paediatric or other specialist care and they have been advised by their clinician or other specialist not to attend.</p> <p>Individuals eligible for a COVID vaccine encouraged to have it and attend booked vaccine appointments.</p>	0 0 0

Potential Rating	Additional Controls Required
Medium 	<p>No Remedial Actions Entered</p> <p>If there are any reasonably practicable actions which can be taken to reduce the risk associated with this hazard please use the form above to enter them.</p>

Current Rating	Hazard Information	Task Status
Medium 	<p>Welfare Staff or students who live with someone who is identified as shielded or clinically vulnerable to Coronavirus attending site.</p> <p>Measures Currently in place to prevent risk of injury</p> <p>Assessed on a case-by-case basis and government guidance followed. Individuals living with someone identified as CV or CEV to continue attending the College in line with the government's latest guidance.</p>	0 0 0

Potential Rating	Additional Controls Required
Medium 	<p>No Remedial Actions Entered</p> <p>If there are any reasonably practicable actions which can be taken to reduce the risk associated with this hazard please use the form above to enter them.</p>

Current Rating	Hazard Information	Task Status
Medium 	<p>Welfare Contact with someone suffering from coronavirus</p> <p>Measures Currently in place to prevent risk of injury</p> <p>Students, staff and other adults must immediately cease to attend College and not attend for at least 10 days after: <ul style="list-style-type: none"> - the start of their symptoms - the test date if they did not have any symptoms but have had a positive test from a Lateral Flow Device (LFD) or Polymerase Chain Reaction (PCR) test. If an LFD test is taken first, and a PCR test is taken within 2 days of the positive LFD test, and the PCR test is negative, it overrides the LFD test and the individual can return to College. </p> <p>Everyone will be asked not to come into College if they need to self-isolate under current guidance. Regular reminders will be given about this.</p> <p>Anyone self-isolating with symptoms have been asked to notify the College. They will be encouraged to access testing and engage with the NHS Test and Trace process.</p> <p>If a symptomatic person comes into College, they will be sent home immediately or isolated until they can be picked up. The Seminar Room has been designated as a quarantine room where they will be isolated. 999 will be called if they are seriously ill or injured or their life is at risk.</p> <p>In the case of a symptomatic student who needs to be supervised before being picked up:</p> <ul style="list-style-type: none"> - If a distance of 2m can't be maintained, supervising staff will wear a fluid resistant surgical mask - If contact is necessary, supervising staff will also wear disposable gloves and a disposable apron - If there's a risk of splashing to the eyes, such as from coughing, spitting or vomiting, supervising staff will also wear eye protection. Supervising staff will wash their hands thoroughly for 20 seconds after the student has been picked up. <p>If there are home testing kits available in College, these will be given to parents/carers collecting symptomatic children, and to staff who have developed symptoms at school, if providing one will increase the likelihood of them getting tested. Test kits will be provided in line with government guidelines.</p> <p>A deep clean will take place in the areas that the symptomatic person has been in, and PPE will be disposed of properly, following decontamination guidance.</p> <p>Staff and parents have been asked to notify the College immediately of the outcome of a coronavirus test, whether it is positive or negative. If the College becomes aware that a student or a staff member has tested positive for coronavirus, it will follow current government guidelines and notify Public Health. Now Step 4 of the roadmap has commenced, NHS Test and Trace will take responsibility for identifying and notifying close contacts. The College will support NHS Test and Trace if requested. To help with this, records will be kept of the students and staff in each group (including seating plans).</p> <p>From 16 August 2021, children under the age of 18 years old no longer required to self-isolate if they are contacted by NHS Test and Trace as a close contact of a positive COVID-19 case. They will be contacted by NHS Test and Trace, informed they have been in close contact with a positive case and advised to take a PCR test. All individuals to be encouraged to take a PCR test if advised to do so.</p> <p>18 year-olds to be treated in the same way as children until 4 months after their 18th birthday, to allow them the opportunity to get fully vaccinated. At this point, they will be subject to the same rules as adults and if not vaccinated they are to self-isolate if identified as a close contact.</p> <p>In the event of a local outbreak, Public Health might advise the College to temporarily reintroduce some control measures. The College has a COVID-19 Outbreak (Contingency) Plan in place in line with government guidance.</p>	0 0 0

Current Rating	Hazard Information	Task Status
Medium 	<p>Welfare Crowded spaces</p> <p>Measures Currently in place to prevent risk of injury</p> <p>Individuals advised to wear face coverings in enclosed and crowded spaces, particularly where they may come into contact with people they do not normally meet. This includes public transport and dedicated transport to and from College. Face visors/shields not to be worn as an alternative to face coverings; they should only be used after carrying out a risk assessment for the specific situation and must be cleaned appropriately.</p> <p>Social distancing, where possible, should be maintained to mitigate the risks associated with close contact.</p> <p>Meetings should be conducted outside, or in a room large enough to allow for social distancing, where possible.</p> <p>In the event of an outbreak, Public Health may advise that face coverings temporarily be worn in communal areas or classrooms (by staff, students and visitors unless exempt). Transparent face coverings, which may assist communication with someone who relies on lip reading, clear sound or facial expression to communicate, can also be worn. Face coverings, irrespective of type, should fit securely around the face to cover the nose and mouth and be made with a breathable material capable of filtering airborne particles. Face visors may be worn by those exempt from wearing a face covering, but they are not an equivalent alternative in terms of source of control of virus transmission. They are only to be used after carrying out a risk assessment for the specific situation and should always be cleaned appropriately.</p> <p>Reasonable adjustments should be made for students to support them to access education successfully; where appropriate, these should be discussed with students and parents.</p>	0 0 0

Medium 	<p>Welfare Contact with coronavirus when getting to and from College</p> <p>Measures Currently in place to prevent risk of injury</p> <p>Face coverings should be worn in enclosed and crowded spaces where there is contact with others, including public transport and dedicated transport to and from College.</p> <p>Frequent and regular washing of hands is encouraged and should now be regular practice.</p> <p>Tutors to regularly remind students of the above.</p>	0 0 0

Potential Rating	Additional Controls Required
Medium 	<p>No Remedial Actions Entered</p> <p>If there are any reasonably practicable actions which can be taken to reduce the risk associated with this hazard please use the form above to enter them.</p>

Current Rating	Hazard Information	Task Status
Medium 	<p>Biological Spreading infection due to excessive contact and mixing between students and staff in lessons</p> <p>Measures Currently in place to prevent risk of injury</p> <p>Year groups separated into 'bubbles' and designated zones allocated for each year group, including entry and exit points into the College building, toilets, indoor and outdoor areas and food serving areas, may be temporarily reinstated in the event there is a local outbreak and if advised to do so by health officials. Details contained in the College's Outbreak (Contingency) Plan.</p> <p>Rooms to be well-ventilated, where possible, with windows, doors and skylights open where practical to do so.</p> <p>Staff must use their discretion to do what is reasonably practicable in relation to ventilation. Thermal comfort and the level of ventilation needs to be balanced to maintain appropriate room temperatures for teaching and learning. During colder days it is acceptable to have the windows closed at times, but where possible the windows should be opened prior to the start of the College day, before and after every lesson, during break and lunch time and left open at the end of the day for a time period.</p> <p>Staff to consider how best to mitigate the risk of transmission in lessons that involve singing, chanting, shouting or playing instruments (particularly wind or brass instruments) and physical activity.</p> <p>Government and Sports Bodies' advice and guidance to be followed.</p> <p>Staff to maintain social distancing where possible.</p> <p>Any students with complex needs or who need close contact care will have the same support as normal as distancing is not possible here. Staff will be rigorous about hand washing and respiratory hygiene and wear PPE in line with the risk assessment(s) completed.</p> <p>Specialists, therapists, clinicians and other support staff for students with SEND should provide interventions as usual. These staff will be advised to be rigorous about hand washing and respiratory hygiene, and wear PPE as advised.</p> <p>Students to complete two supervised lateral flow tests, 3-5 days apart, at the College's Asymptomatic Test Site at the start of the Autumn Term. Thereafter, they will be advised to continue with twice weekly home testing in line with current government guidelines.</p> <p>Staff to continue with twice weekly home testing in line with current government guidelines.</p> <p>Parents/carers advised to contact the College immediately should their child test positive using a home test kit. An out of hours e-mail provision put in place for parents to notify the College when it is closed. Staff also advised to notify the College immediately should they test positive. A small testing facility is available in the vicinity of the Medical Room to complete testing in exceptional circumstances.</p>	0 0 0

Medium 	Welfare  Staff who are pregnant and at increased risk due to the Coronavirus.	0 0 0
Measures Currently in place to prevent risk of injury		
Current government guidance to be followed by pregnant staff.		
Pregnant staff to be advised to take particular care in practising the College's control measures - especially the regular washing of hands and cleaning of frequently touched areas in their workspace - and to raise any concerns with their line manager. There should also be a review of the individual's risk assessment.		
If notified an employee is pregnant, breastfeeding, or has given birth within the last 6 months, the workplace risk assessment is to be checked to see if any new risks have arisen. Any further risks identified to be included and managed as part of the general workplace risk assessment. The same principles to be followed for pregnant students.
