Introduction

Torpoint Community College is an inclusive College where we focus on the well-being and progress of every child and where all members of our community are of equal worth.

We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality, and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement of different groups.

We recognise that these duties reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

Our approach to equality is based on the following 7 key principles supporting the following Articles of the UNCRC: Article 2 – without discrimination; Article 4 – protection of a child’s rights; Article 6 – Survival and development of a child; Article 14 – freedom of thought, belief and religion; Article 23 – children with a disability are treated with dignity and independence; Article 30 – protecting children in minority groups: the language, customs, culture, religion & sexuality of a child is respected and upheld.

1. **All members of our community are of equal value.** Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious or non-religious affiliation or faith background and whatever their sexual orientation.
2. **We recognise, respect and value difference and understand that diversity is a strength.** (Article 2) We take account of differences and strive to remove barriers and disadvantages which people may face, in relation to disability, ethnicity, gender, religion, belief or faith and sexual orientation. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.
3. **We foster positive attitudes and relationships.** We actively promote positive attitudes and mutual respect between groups and communities different from each other.
4. **We foster a shared sense of cohesion and belonging.** We want all members of our College community to feel a sense of belonging within the College and wider community and to feel that they are respected and able to participate fully in College life.
5. **We observe good equalities practice for our staff.** We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and in continuing professional development.
6. **We have the highest expectations of all our children.** We expect that all students can make good progress and achieve to their highest potential.
7. **We work to raise standards for all students, but especially for the most vulnerable.** We believe that improving the quality of education for the most vulnerable groups of students raises standards across the whole College.

Context

The Equality Act 2010 was introduced to ensure protection from discrimination (**Article 2**), harassment and victimization (**Article 6**) on the grounds of specific characteristics (referred to as protected characteristics). This means that Colleges cannot discriminate against students or treat them less favourably because of their age, gender, race, disability, religion or belief, gender reassignment, sexual orientation, identity or pregnancy or maternity. (**Articles 14, 23 & 30**)

Age and marriage and civil partnership are also “protected characteristics” but are not part of the College provisions related to students.

The Act requires all public organisations, including Colleges to comply with the Public Sector Equality Duty or “general duty”. This requires all public organisations, including Colleges to:

- Eliminate unlawful discrimination, harassment and victimization. (**Articles 2 & 6**)
- Advance equality of opportunity between different groups. (**Article 29**)
- Foster good relations between different groups. (**Articles 2 & 6**)

This policy describes how the College is meeting these statutory duties and is in line with national guidance. It includes information about how the College is complying with the Public Sector Equality Duty and with the UNCRD, providing guidance to staff and outside visitors about our approach to promoting equality through the Whole College Charter and policies.

Appendix 1 is a checklist of key equality considerations.

Appendix 2 shows the College’s equalities information and analysis.

Although this policy is the key document for information about our approach to equalities in line with the Public Sector Equality Duty and the UNCRD, we ensure that information about our responsibilities under the Equality Act are also included in all our policies and practice.

The Equality Act also applies to Colleges in their role as employers, and the way we comply with this are found in our Safer Recruitment Policy, Attendance Policy, Capability Policy and Whole School Pay Policy.

What we are doing to Eliminate Discrimination, Harassment and Victimisation (**Articles 2 & 6**)

- We take account of equality issues in relation to admissions and exclusions; the way we provide education for our students and the way we provide access for students to facilities and services.
- We are aware of the Reasonable Adjustment duty for disabled students – designed to enhance access and participation to the level of non-disabled students and stop disabled children being placed at a disadvantage compared to their non-disabled peers.
- The Headteacher and Governing Body ensures that all appointment panels give due regard to this policy so that no one is discriminated against when it comes to employment, promotion or training opportunities.
- We ensure that those who are affected by a policy or activity are consulted and involved in the design of new policies, and in the review of existing ones.

- We take seriously the need to consider the equality implications when we develop, adapt and review any policy or procedure and whenever we make significant decisions about the day today life of the College.
- We actively promote equality and diversity through the curriculum and by creating an environment which champions respect for all.
- Our admissions arrangements are fair and transparent, and we do not discriminate against students by treating them less favourably on the grounds of any protected characteristic

Racism/Racist bullying

Racism/Racist bullying in schools can range from ill-considered remarks, which are not intended to be hurtful, to deliberate physical attacks causing serious injury. Racism/Racist bullying can be identified by the motivation of the antagonist/bully, the language used, and/or by the fact that victims are singled out because of the colour of their skin, the way they talk, their ethnic grouping or by their religious or cultural practices.

Torpoint Community College actively encourages it's students and staff to understand, embrace and celebrate their diversity.

Bullying or abuse of anyone because of their race will not be tolerated, and any reports of such behaviour are swiftly and rigorously investigated in line with the College's current reporting and resolution protocols.

Incidents of racist bullying are recorded using SIM's and CPOMS; bullying logs are regularly reviewed by the pastoral leads, DSL's and shared with the governors termly.

Torpoint Community College will always seek restorative outcomes for any cases of bullying including:

- 1:1 and small group mediation
- Working with parents and students
- Referral to Police Youth Liaison Officer
- Raising awareness and promoting positive relationships through Wellbeing (PSHE)
- Sanctions taken against perpetrators of bullying in any form in line with College Behaviour Policy
- Individual or small group mentoring.

Behaviour, Suspensions. Permanent Exclusionss and Attendance

The College Policies on Behaviour and Rewards - takes full account of the duties under the Equality Act.

Addressing Prejudice and Prejudice Based Bullying

The College challenges all forms of prejudice and prejudice-based bullying, which stand in the way of fulfilling our commitment to inclusion and equality:

What We Are Doing to Advance Equality of Opportunity Between Different Groups

We know the needs of our College population very well and collect and analyse data in order to inform our planning and identify targets to achieve improvements.

We have procedures, working in partnership with parents and carers, to identify children who have a disability.

We collect data and monitor progress and outcomes of different groups of students and use this data to support College improvement. We take action to close any gaps, for example, for those making slow progress in acquiring age-appropriate literacy and number skills.

Positive Actions to Remove Barriers

We will take positive and proportionate action to address the disadvantage faced by particular groups of students with particular protected characteristics, such as targeted support. The actions will be designed to meet the College's Equality Objectives.

- We prepare our students for life in a diverse society and ensure that there are activities across the curriculum that promotes the spiritual, moral, social and cultural development of our students. **(Article 4; Article 12 – respect for the views of the child; Article 13 – freedom of expression; Article 15 – freedom of association; Article 17 – access to reliable information from the media)**
- We teach about difference and diversity and the impact of stereotyping, prejudice and discrimination through Wellbeing (PSHE) during Tutor time and across the curriculum. **(Article 2)**
- We use materials and resources that reflect the diversity of the College, population and local community in terms of race, gender, sexual identity and disability, avoiding stereotyping. **(Article 30)**
- We promote a whole College ethos and values that challenge prejudice based discriminatory language, attitudes and behaviour. **(Article 14)**
- We provide opportunities for students to appreciate their own culture and celebrate the diversity of other cultures. **(Article 30)**
- We include the contribution of different cultures to world history and that promote positive images of people **(Article 29)**
- We provide opportunities for students to listen to a range of opinions and empathise with different experiences **(Articles 12 & 13)**
- We promote positive messages about equality and diversity through displays, assemblies, visitors, whole College events e.g. Black History Month, Deaf Awareness week, anti-bullying week and wellbeing week.

We ensure that all staff, including support and administrative staff, receive appropriate training and opportunities for professional development, both as individuals and as groups or teams.
