Thursday 28th March 2024

UPCOMING EVENTS

Easter Break 29th March - 15th
April 2024
INSET Day – Monday 15th April

ACADEMIC YEAR 2023/24 Spring Term

4th January – 28th March 2024

Headteacher's Message

Dear Parents/Carers,

The College has celebrated the end of another busy term with a muffi day in recognition of the focused hard work of our students, both within lessons and the array of enrichment clubs and activities at lunchtime, after school and at weekends, including the rigorous Ten Tors training. Funds raised from this muffi day will be used to support the whole school production "We Will Rock You". Regular rehearsals have been taking place throughout this term and the commitment of the cast has been above and beyond in preparation for this much anticipated event. The performances will be taking place on the 11th, 12th and 13th July. Watch this space for the release of ticket sales.

Theatre trips to the Wizard of Oz and Blood Brothers have been very well attended and helped enrich our broad and balanced curriculum by providing our students with professional theatrical experiences. Within the College, our Year 11 students have conducted their GCSE practical Drama exam this week, performing not only in front of an audience but an external examiner. Students have also recently completed their GCSE Art exam, Food exam and Spanish and French speaking exams. The main exam season is now fast approaching after the Easter break.

Amongst a broad range of sporting events students have participated in recently, the PE department hosted our first College volleyball fixture this week. With five TCC teams, they competed against strong and experienced Ivybridge Community College teams. TCC stepped up, held their own and managed to secure a number of impressive wins with over 40 of our students participating.

Please enjoy a well-deserved Easter break. The College will welcome back students on Tuesday 16th April, when we will see brighter mornings and evenings following the clocks moving forward this Sunday.

Yours sincerely,

Dr Jeremy Plumb
Headteacher

REPORTING YOUR ABSENCE REMINDER

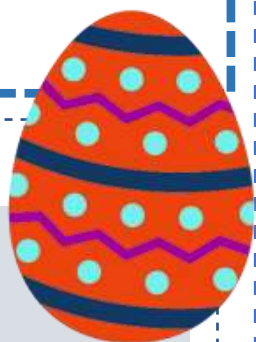

We are currently experiencing a high number of unreported student absence.

When a student doesn't arrive at College, and we haven't received any notification from the parent/carer, this is a safeguarding concern. In order to support the College, and to allow us to quickly identify any potential safeguarding concern, we ask that you contact us before **9am** on the day of absence. If your child is likely to be absent for more than one day, please inform us of their expected return date.

How can I report absence?

Email: absence@torpoint.cornwall.sch.uk

Call: 01752 812511

Ten Tors training 23rd & 24th March.

It was a mixed bag of weather for the students who completed their first full weekend expedition of training for the Ten Tors Challenge. The four teams set off from the 'Y Junction' near Okehampton Army Camp amidst some blustery hail showers, clouds and even some occasional sunshine. With strong gusts of winds, which kept the temperature down, the students navigated around the Northwest side of Dartmoor finishing at Shortacombe. After pitching their tents and preparing their evening tea the students were then able to relax before bedding down for the night.

Although it was an early start on the Sunday morning, the weather had improved, and all teams navigated several tors before heading east to Shilstone Tor. Teams then headed south, with the two 45 mile teams finishing at Bennetts Cross near the Warren House Inn and the 35 mile teams finishing at Fernworthy. Adult volunteers did an amazing job supporting the students throughout the weekend, providing lots of encouragement for the first-time students. A massive thank you to them and well done to all the students – Not long now!

Marjons Sport and Exercise Science Laboratory

TCC Year 10 Sport Science students visited Marjons recently to look at technology available for studying the effects of exercise on the body and for injury rehabilitation. Students got to test various components of their fitness such as power and strength as well as experiencing the anti-gravity treadmill and various ice and compression machines used in the sports therapy clinic. They also had a tour of the campus sports facilities and had the opportunity to watch an inter university basketball match.

Netball News

The Year 7 netball team have trained hard this year and have had a really successful first season. They qualified in 4th place at the East County tournament to represent East Cornwall at the County finals in Truro. Despite several injuries on the day the girls showed fighting spirit to finish 9th in Cornwall this year. Well done!

The Year 10 netball squad have gelled together for 4 years and are a wonderful squad to work with. They travelled to Bude last week with two teams for an end of season East County tournament. Finishing 2nd and third in the round robin they fought hard in the playoff finishing 2nd and third again just behind Bude.

Summer term extra-curricular sport

With summer term just around the corner we are looking forward to a term of volleyball, rounders, athletics, and tennis fixtures and tournaments for those who attend clubs regularly. Students can check the summer extra-curricular programme on the tutor and PE notice boards.

Year 9, 10 and 11 travel to Torquay to watch *Blood Brothers*

Last week, 90 students across Years 9, 10 and 11 made their way to the Princess Theatre, Torquay, across two trips to watch the on-tour production of *Blood Brothers*, which is one of our GCSE Literature texts.

Students thoroughly enjoyed the performances, and there were plenty of laughs (and tears – from some of us at least!) due to the hilarious and tragic content of the production. We were very grateful to be given the chance to see this GCSE production on stage and we hope it comes back down to the Torquay again soon.

Thanks go out to all students for representing the College so positively and to all staff who helped to make the trip possible.

- Mrs Hodgkinson and Miss Reilly

The 2024 Great Science Bake Off!

The 2024 Great Science Bake Off for British Science Week was a huge success. The creativity on display was mind-blowing and our judges (staff and students) faced a difficult challenge in deciding the winners. The quality was so good that all contenders achieved lots of votes but there were 3 clear winners – well done Bluebell, Hazel, Elyse, Ella and Milo who have all been awarded amazon gift vouchers and special science pin badges. The national theme for science week was ‘time’ and we loved how imaginative our students were; a dazzling gold sundial, giant clock (hand delivered in a pizza box!) steampunk cogs and clogs, back in time with dinosaur eggs (the scroll and zine was an especially clever touch) and all through time with the tardis! We were also amazed by the colourful icing and scientific themes from element buns to “all the science’s” cake, the tree of life with its vibrant colours and the bubbling conical flask! Thought had also been given to flavour with orange, chocolate and biscoff to name but a few! Thank you to all the students who took part – we hope you enjoyed the eating as much as the making. A special mention to Josh’s Mum who makes the best marble cake.

A Level Biology News

Students this term have been exploring Classification and Evolution. They have been building on their KS4 knowledge of adaptations and natural selection and applying terms such as 'allopatric speciation' and 'polymorphism'. The Jelly Bear Evolution Game allowed students to explore these concepts in an interactive and entertaining way. We saw some wonderfully inventive 'islands' created with a variety of habitats. The students then played 'to the death' until one species survived. Some bears met grisly deaths (eaten!) whilst others appeared to survive any scenario! We have some very competitive students.

We have also been focusing on Exchange and Transport and have been honing our microscopy technique and biological drawing. Students are looking forward to performing Fish dissections in the coming weeks (some more than others!) where they will discover how fish exchange surfaces are adapted to extracting oxygen from water and compare their structures to those of mammals and insects.

A level Biology- Radiography Careers Talk

A level Biology students were visited by a representative from the NHS to deliver a Diagnostic Radiography careers talk. The focus was on Radiology but also covered a range of jobs within the NHS. For ANY students interested in ANY health care role there are some free term time work experience taster sessions on offer. More information about them can be accessed by scanning the QR code below. These would be beneficial for any students considering applying to university courses in pharmacy, dental, physiotherapy, nursing, midwifery, paramedic, biomedical science or medicine.

What does a career in Radiography look like?

Projectional radiography

X-ray generator
Object
X-ray detector

How to Read an X-Ray

Formae
Soft-tissue
opacities

Markers
Fluid, Gas
Soft-tissue
opacities

Careers Update! Year 10 Careers Event: Future Pathways

Year 10 students took part in an Employer Encounter event on 19th March. We had a good range of local employers, employees and organisations present including: [AECOM](#), [Woolcombe Yonge Solicitors LLP](#), [Access Creative College](#), [Argyle Community Trust](#), [BD](#), [University Hospitals Plymouth NHS Trust](#), [Duchy College -Cornwall College](#), [Plymouth City Council Building Control](#), [Department for Work and Pensions \(DWP\)](#) to represent the Civil Service, [Western Counties Roofing Ltd](#), Greenlight Apprenticeships, Public Health Nursing, [Royal Navy](#), [Royal Airforce](#) and the Army. In the morning, year 10 students were able to speak to the representatives in small groups.

In the afternoon, all interested students and parents were invited to attend our Careers and a Cuppa event to find out more about next steps and future pathways with these organisations. I was impressed by the quality conversations I heard over the course of the day with students focussing on their career journeys after year 11 and after year 13. Thank you to the parents who attended in the afternoon, to all the visitors who came into College and to year 10 students for their excellent conduct and enquiring questions.

All students in years 7-10 were given a Careers booklet in National Careers week to act as a place to store careers research and keep a record of career activities completed. Please ask your child about this and carry on the career focussed conversations at home – if you need any information remember you can use the Unifrog or CareerPilot websites to help.

Year 10 Careers Talk: RAF

Year 10 students benefitted from another Careers talk from the RAF on 22nd March. All students heard about the range of roles and amazing opportunities available in the RAF. Thank you to Sergeant Liam Quinn, RAF Careers Advisor for coming back to TCC to talk to year 10 students further about the reasons for joining the RAF and the benefits and career prospects they offer.

Year 12 Biology Careers Talk

To follow up the focus on National Careers Week at the start of March, year 12 A level Biology students had a talk about a career in the NHS as a Diagnostic Radiographer. It was great to hear about the possibilities of studying for a career in this field. The NHS is one of the biggest employers locally and studying Biology A level could lead to this sort of career.

Aspirations Display

During National Careers Week students were asked to write down their aspirations as to what they want to be in 10 years' time. It is fantastic to see the aspirations of our students to succeed and we have put these up in the reception of the college to 'inspire' all visitors to the college.

Next term is a busy term for Careers with year 10 work experience in June. I have a drop-in session after school on Fridays if any year 11 or year 13 students need any help completing applications or finding information regarding their next steps.

TORPOINT LIBRARY AND COMMUNITY HUB

EASTER HOLIDAYS KIDS CLUB

EASTER EGG HUNT - TUESDAY 2ND APRIL ALL DAY

We have organised a little treat for the children to celebrate Easter. Come and hunt around the building for all our Easter Friends and if you find them all claim your prize!

EASTER FAMILY CRAFTS WITH AWENEK - WEDNESDAY 3RD APRIL 1-3PM

Come and join in with some creativity and make bunnies, eggs and chicks. Awenek never disappoint with fun for all the family.

LEGO CLUB - THURSDAY 4TH AND 11TH APRIL 10-12PM

Our regular weekly Lego club, if you love Lego come and join in the fun.

PLANT THE PLANTS - GROW WELL TOGETHER FUN, THURSDAY 4TH APRIL FROM 1PM

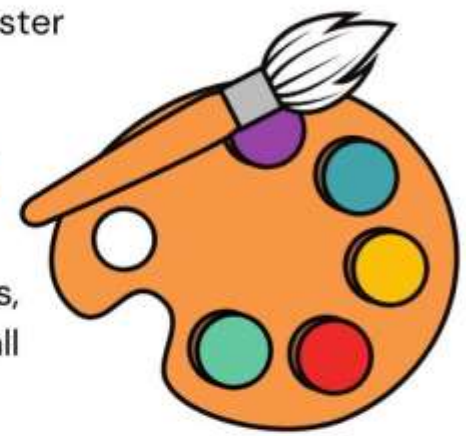

Help us to put plants in our new planters and take home a sunflower to nurture and grow. This is the launch of our Grow Well Together project with Friends of Thanckes Park.

BUILD A FLOWER GARDEN - ALL EASTER

To celebrate our new planters we would like children to decorate a wooden flower to put with our new planters and in our flower boat and pots at the front of our building.

ALL WEEK: EASTER THEMED COLOURING IN

*Parental supervision at all times for ALL our activities please

Skips Safety Net

Keeping children safe online

A Parent's Guide to Cyberbullying

Many young people who are victims of cyberbullying suffer in silence.

They feel they can't turn to parents or a trusted adult for support as they fear they may get in trouble or have their devices taken away from them. It can carry on all day, all evening and all weekend for the world to see, causing a lot of emotional stress to the victim and their family.

scan the QR code with your phone's camera for Parent Guides on how to help keep your children safe online

It can very quickly lead to the victim feeling trapped, scared and vulnerable to grooming and blackmail.

Online safety is when young people know who they can tell if they feel upset by something that has happened online.

Parents please contact your school to enquire attending their next e-safety workshop or have any concerns.

Working with Home Office 'PREVENT', The Police and Crime Commissioner and Children's Safeguarding Partnerships to help keep children safe online.
