

E-Safety

- 1 What is Safer Internet Day?
- 2 What will TCC do for Safer Internet Day?
- 3 What are online scams? How can you protect yourself from them?

1

Safer Internet Day 2025 will take place on the 11th of February 2025, with celebrations and learning based around the theme 'Too good to be true? Protecting yourself and others from scams online'

Each year The Safer Internet Centre cover an online issue or theme that speaks about the things young people are seeing and experiencing online. Created in consultation with young people across the UK, this year Safer Internet Day will be focusing on the issue of scams online and for young people, how to protect themselves and others, as well as what support is available to them.

At TCC we will complete a range of activities at tutor time to help students understand the risks of scams online

There will also be assemblies during the week about the Safer Internet Day theme and students will continue to learn about e-Safety in Wellbeing lessons

Each week, students also complete e-Safety learning tasks as part of their tutor programme
